Paragraph 158. The Leave of Absence as provided in Paragraph 151, Paragraph 152, Paragraph 153, Paragraph 154 and Paragraph 155 shall be in addition to sick leave as provided in Article Thirteen and in the event of such Leave of Absence, the Professional Employee shall not be required to arrange for his substitute.

Paragraph 159(A). A Leave of Absence may upon application in writing be extended in the sole discretion of the Committee. #### **ELECTRONIC GRADING SYSTEM**

Paragraph 160. As electronic grading becomes available for all levels, the following procedure will apply: in order for educators to properly implement an electronic grading system, the District shall provide training on the current District adopted software. It is understood that some staff may need to participate in more than one (1) training session.

The educators of Rockland are required to use the current District adopted software for the purpose of providing all of the assessments/grades that the individual educator uses to arrive at the final grade for progress reports or report cards. The number/categories of grades are determined by the educator. The Rockland Public School District provides access for parents of students in grades 5-12 on a continuous basis. All grades will be entered into the system as soon as the grading process is complete for that assignment. Until the parties agree to open the portal to the electronic grading system for the parents of students in pre k-4, the current system will remain in place. Grade Level Administrators will determine appropriate timelines for the updating of the gradebook.

The parties will develop guidelines for parent/guardian use and publish them in student handbooks. Both parties acknowledge the limitations of technology and the impact it may have on posting grades and responding to parent queries.

All professional staff will use Google Workspace for Education with students as the primary suite of productivity tools. Google Classroom will be the central portal for classroom materials and assignments. The administrators, in coordination with curriculum leaders, will determine guidelines for appropriate use of Google Workspace for Education and any other digital tools utilized for curriculum purposes. The District will provide training on the use of Google Workspace for education and any other digital tools.

#### **REDUCTIONS IN FORCE**

Paragraph 170. The Committee retains the exclusive right and sole responsibility to determine the number of teaching and other professional positions needed in the school system

## Rockland Education Association Teacher Contract

including the right to determine the number of employees to be laid off, recalled, or that a particular type of teaching service should be discontinued. Such decisions shall not be subject to the Grievance and Arbitration procedure but, once made, the following policy for reduction in personnel will be followed:

In all cases the provisions of applicable laws as they pertain to the dismissal of teachers(s) with professional teacher(s) without professional teacher status shall apply. M.G.L. (Massachusetts General Laws) Chapter 71, Section 42

A teacher with professional teacher status shall not be laid off if there is a teacher without professional teacher status whose position the teacher with professional teacher status is qualified (certified) to fill.

If the Superintendent determines, it is necessary to reduce the number of teachers with professional teacher status covered by this Agreement, he/she shall attempt to accomplish said reduction by attrition.

In the event it becomes necessary for the Committee to reduce the number of Professional Employees in the bargaining unit because of financial limitations, reasons of economy, decrease in pupil enrollment, changes in curriculum or other similar reasons, the procedures set forth in this Article will govern the layoff and recall of the employees who are affected by any such reduction.

No teacher with professional standing, as defined in this Contract, shall be dismissed due to Reduction in Force (RIF) until all per diem, long-term substitutes any part-time teachers, and/or nonprofessional standing teachers, whose positions such professional standing teachers are certified to fill, have been dismissed.

### Paragraph 171. **Seniority**

Seniority means a teacher's length of continuous service in years, months, and days in the Rockland Schools, provided that the seniority of present teachers as of the effective date of this Agreement shall consist of their length of service as defined above from their initial date of employment (not hiring). For purposes of computing seniority, time spent on the following types of leaves shall be included: paid sabbatical leave, a paid leave of absence granted for any other reason, military leave (only to the limits required to be credited by state or federal law), any leave for which increment credit is granted, leave granted to serve in the America Corps, as an exchange teacher or other service judged comparable by the Superintendent.

In the event a reduction cannot be accomplished by attrition and a teacher with professional teacher status must be laid off, the Superintendent shall lay off the least senior teacher within the area of certification concerned. A teacher who is laid off may bump a less senior teacher in an area in which the teacher laid off is certified. In the event a teacher who is laid off may be eligible to continue employment by bumping or otherwise as a result of holding multiple certifications, the Superintendent will make a good faith effort to assign the eligible teacher to the available position most comparable to that position from which the eligible teacher was laid off. The eligible teacher will be consulted with respect to his/her opinion of which available position is the most comparable position prior to his/her assignment. The Association

## Rockland Education Association Teacher Contract

agrees that the final decision with respect to the assignment of such eligible teachers shall be that of the Superintendent and shall not be subject to the Grievance and Arbitration provisions of the Agreement between the Association and the Committee. Teachers that are currently employed as of May 18, 2009 at a part-time status will be given one year of seniority for every two years of service.

If a professional status teacher loses his/her position within a department/classification, the teacher may displace a less senior professional status teacher in another department/classification provided the teacher is certified in the new area.

"New area" is defined as a content subject area in which a teacher is certified but has not actively taught in the five years previous to the displacement. It is also defined as movement between elementary, middle and high school. Professional development is required in order to access the new teaching assignment. A plan will be developed between the teacher and district to provide training equivalent to two weeks during the summer and ongoing professional development for 30 hours during the school year. The teacher and the district will agree upon the schedule of this professional development. The goal of the plan is the success of the teacher.

Except in unforeseen circumstances, teachers whose employment will be terminated in full or in part by a reduction in staff to be effective at the beginning of the ensuing school year shall be notified by May 1 of the school year preceding that in which the reduction is to take place. In no event shall such notification be later than June 15 of the school year preceding the September in which the reduction is to be effectuated. However, it is understood that the Superintendent has the right to layoff teachers pursuant to declining enrollment or other budgetary reasons at any time.

If in applying the foregoing, it happens that there is a tie between two or more teachers, then the following criteria shall be applied, in order to resolve the tie:

- a. The teacher with the highest level of recognized certifications by the department of education (Professional, Initial, Preliminary).
- b. If the tie still persists, then the tie shall be resolved at the discretion of the Superintendent giving consideration to the teacher quality of performance, qualifications, other educational contributions, degree/professional training, and the educational needs (non-budgetary) of the school district.

### Paragraph 172. Recall

Teachers shall be recalled in the reverse order of layoff and for positions for which they are qualified. If a vacancy still exists the committee agrees to offer any position to laid off teacher(s)

## Rockland Education Association Teacher Contract

most senior and qualified, prior to the hiring of new staff. Any teacher who declines recall twice shall have waived any other recall rights.

Teachers of non-professional standing will have no recall rights. Teachers with professional standing will be recalled in reverse order of their layoff as positions for which they are qualified become open. Teachers with professional standing will remain on a recall list for a period of two (2) years from their date of dismissal. If a teacher is recalled, their seniority will continue from their previous time of full-time service. The time spent on recall counts towards continuous service but does not count towards seniority.

Teachers on the recall list will be given first priority in filling substitute teachers' vacancies in their field(s) of certification if they indicate, in writing, that they desire such employment.

When vacancies occur in the certification area(s) of a teacher on the recall list, such teacher shall be notified by certified mail at his/her last address of record. Failure to accept certified mail shall not be deemed sufficient reason for failing to meet the necessary response date. Failure to respond to the Superintendent of Schools with a letter of acceptance of the offered position within ten (10) calendar days shall be considered a rejection of such offer, and the teacher shall be dropped from the recall list. It shall be the responsibility of the personnel on the recall list to inform the Office of the Superintendent of Schools or his/her designee, in writing, of changes of address.

Teachers on the recall list shall have priority in filling vacancies as hereinbefore set forth. No new personnel shall be hired to fill such vacancies until all appropriate teachers on the recall list have been offered the vacancy pursuant to the provisions of this paragraph.

## Rockland Education Association Teacher Contract

### Unit A Personnel-Educators

### Preamble

The purpose of the Educator Evaluation is to structure a program of assessment of instructional effectiveness and professional development that is two- fold. In the first instance, it is the incumbent responsibility of the Rockland Public Schools Administration to promote and assess the instructional effectiveness of all staff and maintain professional standards and expectations that directly support student learning and achievement. In this capacity, teacher effectiveness, as defined within the Rockland Public Schools' Standards of Evaluation and Expectations, needs to be observed and evaluated in a formal sense in accordance with Massachusetts General Law, Chapter 71, Section 38.

In the second instance, teachers are supported and encouraged to continue their personal and professional growth in all areas that contribute to enhancing their instructional repertoire, remaining current in their content area and acquiring new skills that are relevant to their teaching assignment(s). Concurrent with these aims is the additional mission to enable all teachers to successfully establish and complete an Individual Professional Development for Massachusetts Educators that will directly provide for the Re-Certification (Licensure) of the teacher.

#### Understandings

- A) Evaluation is a cooperative effort requiring a constructive dialogue between the evaluator and the teacher.
- B) The goals and evaluations will adhere to the purpose and philosophy identified in the evaluation standards.
- C) Evaluations will be done in a uniform manner using only forms specified in the Agreement.
- D) The educator being evaluated may provide additional information for consideration in the evaluation.
- E) Educators will be placed on either a one-year or two-year Self-Directed Growth Plan. However, it should be noted that a teacher employed by the Rockland Public Schools, who changes schools within the Rockland Public School System, may be placed on the Educator Developing Plan by the principal of the receiving school.
- F) The REA and the Rockland School Committee agree to place all PTS teachers who are currently in "good standing" (i.e. not on a Professional Improvement Plan aka PIP) at the Proficient classification.
- G) All teachers who are currently on a PIP shall be placed at the Needs Improvement classification. Said teachers will continue to fulfill the terms and conditions of his/her PIP for the remainder of the current school year and a determination of appropriate future placement into the new evaluation categories will be made at such time.

## Rockland Education Association Teacher Contract

- H) The parties agree to adopt the DESE developed rubrics (attached) for use in the evaluation process.
- I) The parties agree to use the Self- Assessment and Goal Setting forms, the jointly developed Unannounced Observation form, and the DESE model forms for any other aspects of the Evaluation process.
- J) The parties agree that there will be a continuous need to review and revise this Evaluation Procedure. To that end, the parties agree to the following:
  - 1. To jointly review the Evaluation Procedure no later than June 1st of each school year.
  - 2. Said review shall include, but not be limited to, the parties amending by mutual consent, collectively bargaining issues, and adding any other aspect needed to implement and utilize the Evaluation Procedure.
  - 3. To open the Evaluation Procedure to collective bargaining whenever DESE makes regulatory changes so that said changes can be implemented in a timely manner.
  - 4. It is understood that other areas of the Collective Bargaining Agreement may be impacted by the discussion and/or regulatory changes and either party is free to open said areas for the purpose of collective bargaining.

### **1) Purpose of Educator Evaluation**

- A) This contract language is locally negotiated and based on M.G.L., c.71, §38; M.G.L. c.150E; the Educator Evaluation regulations, 603 CMR 35.00 et seq.; and the Model System for Educator Evaluation developed and which may be updated from time to time by the Department of Elementary and Secondary Education. See 603 CMR 35.02 (definition of model system). In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.
- B) The regulatory purposes of evaluation are:
  - 1. To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, 603 CMR 35.01 (2)(a);
  - 2. To provide a record of facts and assessments for personnel decisions, 35.01 (2)(b);
  - 3. To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and

Rockland Education Association Teacher Contract

- T) **Rating of Overall Educator Performance:** The Educator's overall performance rating is based on the Principal's judgment of the Educator's performance against the four Performance Standards and the Educator's attainment of goals set forth in the Educator Plan, as follows:

Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities are not observations as defined in this Article. 2. **Indicators:** Describes aspects of each standard, including those required in 35.03
3. **Elements:** Defines the individual components of each indicator
4. **Descriptors:** Describes practice at four levels of performance for each element
